

**NEIGHBORHOOD STABILIZATION PROGRAM FACILITATION WORKSHOP**  
**MONDAY, JUNE 21, 2010**  
**8:30 A.M. TO NOON**

*NSP rehabbed homes will soon be available for sale or rent. Learn how these properties can benefit your neighborhood and what you can do to attract qualified buyers and renters.*

**WHAT:** The City of Chicago's Department of Community Development, LISC/Chicago, and Mercy Portfolio Services will host a workshop to discuss how we can work together to attract the most qualified buyers and renters.

At the workshop, community organizations and leaders will learn how they can identify credit-ready buyers and renters, market their communities to owners and renters, recommend foreclosed properties that NSP might acquire, and refer local contractors to NSP representatives.

Mercy Portfolio Services will also provide information about the quality of the rehabs, including energy-saving features that are a part of every NSP home. Representatives from the City, Mercy and LISC/Chicago will be available to answer questions about all other aspects of NSP.

**WHERE:** Central Police Headquarters  
35<sup>th</sup> Street and Michigan Avenue  
Chicago, IL 60601

**WHO:** Chicago community organizations, city officials, NSP partners.

**Please RSVP by Friday, June 11 to Amadi Jordan-Walker at [ajordan@lisc.org](mailto:ajordan@lisc.org) or 312-385-4818.**
