

Your Neighborhood: City Housing Planning Response

List what the City can do to improve your neighborhood:

- Consider any actions the City took in the past that had a positive impact on your neighborhood (you can list past actions)
- Consider your main concerns for housing in your neighborhood
- Consider what is needed in a housing plan to protect current residents and increase affordability
- Consider any resources your neighborhood will need to be stabilized and increase housing for its residents

Step 2: Choose your best or “#1” point.

Tell us more about it on the next page

#1

What is #1?

Why is #1 important?

What happened in the past that made #1 a reality or what should happen in the future?
